## PREFACE

This morning the Mobile Phone rang from a Spam Caller dialling from 01634 534045 at 10.15 am. It gave me the reason to reassess my direction of travel.

Having had the 'authentication code' endorsed by Companies House for the Business of The Conservative Libertarian Publications Limited yesterday, and having now exhausted all options open to me for banding together with the existing political parties of the United Kingdom, it was High Noon today, the 12 March 2024, with the publication of the book 'Where there is a will there is a way.' More correctly where there is truth there is a way, the truth path being along spontaneous, nonchalant and unpremeditated actions (karma). In the case of the Conservative Libertarian Society and its offshoots of political parties formed and to be formed into the future, being inspired by God, the birth of a new dawn is karma in sanatan dharma of duties and righteous actions as derived under Vishista Advaita Vedanta stipulations according to the revision discussed here: <http://vishistaadvaitavedanta.com>.

The following communication from the Labour Party spells out why the work of the Conservative Libertarian Party of the United Kingdom must proceed.

Subject: Refund of the £34.00

You don't often get email from shantanupanigrahi@yahoo.com. Learn why this is important

Dear Sir

Having examined the workings of the Labour Party over the past few days in relation to the manner in which the Labour Party treated me during my last spell as a Member at the local and national level, especially concerning the manner with which the Digital Labour Campaigners has kept silent on my group suggestion on WhatsApp for a Gillingham and Rainham Group and the Volunteering that I also signed up to for the Labour Party; I confirm now that I need a full refund of the Fee paid on 5 March 2024.

This attitude displayed by the Labour Party is due to factionalism in that the Labour Party tries to sacrifice basic humanity principles for a Circular Economy that is generally accepted as the most environmentally sustainable form of government to cater for workers, trade unions, Christians, Muslims, Hindus, Jews, Buddhists to do anything to get into power, which is not the way we should be conducting politics in this country for it would not be socially cohesive and all-inclusive to prevent divisions in society.

Your deceitful email to me this afternoon that I have immediately binned is proof that the Labour Party Leader is part of the State Establishment of the United Kingdom that I had a questioned as being a Dictatorial regime. The regime garnered all its resources to terrorise me for 26 years and especially during the past 5 years that I took out civil litigation against the Prime Ministers in the Conservative Party under Claim E35YM660, exacerbated by the policing brutality that I have experienced for trying to form a better political system which has now come to fruition with the authentication code that I received from Companies House this morning to formally continue with the website work and eBook production and sale of the 'The Conservative Libertarian Publications Limited' of which I am the Director: see attached: REJOICE CONSERVATIVE LIBERTARIANS.pdf.

Accordingly I have texted back No half an hour ago to the SMS text that I received from the Labour Party on whether I would sign up for Digital Labour Campaigners, WhatsApp community reversing my previous decision.

Frankly speaking Labour is not fit for government, I have concluded now.

Yours sincerely

Dear Labour Party

Thank you for the opportunity to address this matter further.

I have just now noted from [Labour Hub](#) that my membership details are still incorporated in the website so that we should have a cooling-off period of those 8-10 days before a final decision on my membership is taken by the Party. My asking for a refund is not the same thing as voluntarily resigning my membership of the Labour Party. It was to be discussed.

Please reconsider your decision immediately.

Good afternoon, Dr Shantanu Panigrahi.

My apologies for the delay in getting back to you as I had to take emergency leave to deal with a personal matter. Yes, I will be progressing your complaint.

In terms of communication going forward what would the best way for us to communicate? Would you prefer doing this by email or via telephone.

Understand that your complaint is as follows:

The complainant believes he was arrested unnecessarily by Kent Police on 5 occasions between 15 September 2021 and 20 April 2023 with a 6th coerced interview, with him being falsely accused that he had stalked and sent out malicious communications to various individuals and institutions.

I will need to discuss with you the specifics of each incident so I can review and ascertain the merits of each arrest.

Can you please provide me with your availability for this week and next week so we can synchronise an initial phone call to discuss the complaint in full and set out parameters of the investigation.

Kind Regards

Dear Shantanu,

As reported last month, Vice Media will no longer publish on its flagship website, Vice.com, resulting in many journalists furiously trying to save their work before the feared deletion of the entire website. Similarly, news sites like Gawker and The Messenger have faced similar fates in recent years—websites currently devoid of reporting or articles.

The loss of these websites is a reminder that access to information must remain a fundamental right for all who seek it.

Thankfully, the Wayback Machine has become a vital resource in the fight to preserve media and knowledge for all. Journalists can save links to their works on the public archive, researchers can access original pieces of reporting, and nostalgic readers can revisit old favorites. And as the fight against misinformation and disinformation continues, the preservation of access to the historical record is more important than ever.

Dear Labour Party

I am pleased to note from this resolution of my concerns that the Labour Party considers me to be making a positive contribution to the political process of the country that is the United Kingdom.

Labour Digital Campaigners have yet to approve my suggestion for a group 'Rainham and Gillingham Labour' and this is a urgent matter if we are going to make the steps that are required to secure a Labour victory in the coming general election.

I will leave the matter for now and I apologise for any misapprehensions that I have harboured from my earlier comments to the Labour Party. It is all water under the bridge.

We should rejoice at the birth of a new dawn: see attached book that I have started to chart the progress of the New Labour Party under Keir Starmer: REJOICING AT THE BIRTH OF A NEW DAWN.pdf.

My best wishes to all in the Labour Party.

Yours sincerely

Could not take the chance of not answering the phone in case it was Mish Muchenwa of Kent Police, when my mobile Phone rang at 1.25 pm from what seemed like a genuine caller (01622 534024). So dialled back. A man answered. I said I had a missed call and a Voicemail that was left apparently half an hour ago. Was it you. He said he is from One.Com and my Mobile Phone has been selected as one of the EE numbers. I said are you EE? He said No we are independent of EE. I cut him off at that point.

Good afternoon, Dr Shantanu Panigrahi.

Just for clarity and the parameters of my investigation I'll be regarding your complaint that you believe you were arrested unnecessarily by Kent Police on 5 occasions between 15 September 2021 and 20 April 2023 with a 6th coerced interview, with him being falsely accused that he had stalked and sent out malicious communications to various individuals and institutions. My remit is to establish whether those arrests were lawful, necessary, and proportionate. Any complaint you have regarding other organisation will need to be directed to those organisations.

Could I ask if you could list the arrest that you dispute were lawful, necessary, and proportionate. Can you also provide me with any grounds or your opinion for believing that these arrest were not lawful, necessary, and proportionate.

Following the receipt of the above, I will review the custody events and identify officers involved in that case and get an account from them. If I require further information of clarity about the event, I will make further contact with you to discuss this, prior to submitting my findings to PSD, who will thereafter inform you of the findings.

I hope the provide clarity regarding the parameters of my investigation and my remit.

Thank you for setting up your remit as the parameters of investigation. I cannot comment on these limitations as it is under Judicial scrutiny at the Central London County Court under Claim E35YM660 in which I am claiming £100 million in damages and compensation from the Treasury of the United Kingdom which will be prejudiced against me if I agree to what you have suggested.

As I have said to Professional Standards Department of Kent Police the items you have cited in the email is only the beginning of the issues under investigation CO/999.23. but I am happy that you have accepted the responsibility for investigation of the police brutality, M15/M16 perpetrated terrorism on me through engineered extraction of my email address, obstruction of justice and perverting the course of justice by civil and criminal courts and political parties at the House of Commons (see ToLabourPartyCorrespondence(Refund of the £34\_Cooling off period)12Mar2024.docx; and the latest terrorism inflicted on me by Internet Archive (see: FrInternetArchive(When Vice shuts down)12Mar2024.docx.

Good afternoon, Dr Shantanu Panigrahi.

Just for clarity and the parameters of my investigation I'll be regarding your complaint that you believe you were arrested unnecessarily by Kent Police on 5 occasions between 15 September 2021 and 20 April 2023 with a 6th coerced interview, with him being falsely accused that he had stalked and sent out malicious communications to various individuals and institutions. My remit is to establish whether those arrests were lawful, necessary, and proportionate. Any complaint you have regarding other organisation will need to be directed to those organisations.

Could I ask if you could list the arrest that you dispute were lawful, necessary, and proportionate. Can you also provide me with any grounds or your opinion for believing that these arrest were not lawful, necessary, and proportionate.

Following the receipt of the above, I will review the custody events and identify officers involved in that case and get an account from them. If I require further information of clarity about the event, I will make further contact with you to discuss this, prior to submitting my findings to PSD, who will thereafter inform you of the findings.

I hope the provide clarity regarding the parameters of my investigation and my remit.

Kind Regards

Criminals impersonate bank staff to steal from you

Hi Shantanu

Criminals are contacting customers like you and pretending to be from Santander's fraud or security team. They say there's been fraudulent activity on your account to trick you into giving them your money.

How can you protect yourself?

Your bank will never ask you to move your money to a new account for security reasons. If this happens, it'll be a scam.

A genuine organisation will never rush you into taking action.

Hang-up and call us back using a number from our website, your bank card or any banking documents. You can also call 159 and you'll be put through to your bank.

How they try to trick you

They'll say your account's at risk and your money needs to be moved to a new account to keep it safe.

You'll be encouraged to act quickly and often told to lie to any genuine bank staff you speak to. They'll come up with reasons why the account you're sending your money to has a different name to your own.

They may direct you to our website to verify the number they seem to be calling from. They can make it look like they are calling from a genuine number. It's called 'spoofing'.

It's all to convince you that they're genuine. Watch our short video for more details on this scam and the red flag warning signs.

Shantanu, this is disgraceful. The Tory Party's biggest donor, Frank Hester, has been exposed for making racist comments. You can find what he's alleged to have said yourself. It's all over the news.

We are fuming. £10 million in their election fund from this man. And they're not giving it back.

A huge amount of money, adding to their already huge financial advantage. They're so desperate to cling onto power that they'll happily ignore the racism, cover their ears and spend every penny.

We need to cancel it out. Unlike the Tories, our campaigns rely on small donations from thousands of working people who all want to see a better future for Britain and know that the only way that can happen is with a Labour government.

That's why we're asking you today if you can chip in to our general election campaign fund. The Tories won't return the tainted £10 million, and it makes it all the more difficult for us to beat the Tories in the next general election.

Their pockets are deep, but if you donate today, you can help us make real strides to close the huge fundraising gap between us and the Tories:

Nothing came by email. There was a conundrum being revealed from my email to DS Mish Muchenwa and the Central London County Court yesterday at 4.16 pm as to who is the overall law executor, the Police or the Court. To try and ascertain this I published the email sent in Daily Bulletin tweeting, posting in LinkedIn and in Vishista Advaita Sampradaya page of Facebook so that the communication does not go to waste:

Dear Sirs

I know that you had banned me from emailing the IOPC, but this matter needs urgently to be resolved.

This Thursday morning I continued developing my Account in LinkedIn inviting new connections and including the link to my CV in 'About' section; saying Hello to a couple of new connections. Nothing came by email. There is a conundrum being revealed from my email to DS Mish Muchemwa and the Central London County Court yesterday at 4.18 pm yesterday as to who is the overall law executor in the United Kingdom, the Police or the Court. To try and ascertain this I published the email sent in Daily Bulletin tweeting, posting in LinkedIn and in Vishista Advaita Sampradaya page of Facebook so that the communication does not go to waste:

<https://www.knowledgeassessmentanddissemination.com/post/re-external-your-email-to-me-today-parameters-of-complaint>

This is why I am writing to you. If neither the Central London County Court, nor Kent Police is the right authority to direct the Parameters of Complaint CO/999/23 lodged with the Professional Standards Department and the IOPC will not from my past experience entertain any complaints to oversee the activities of Kent Police, who does one turn to for justice on what is clearly a set up by Kent Police to re-investigate me for offences under the guise of resolving my complaints against the police force.

After 7 arrests of myself and full exoneration, as linked here: Charge Refused Certificate from Kent Police and the Restoration of Seized Property ([knowledgeassessmentanddissemination.com](https://www.knowledgeassessmentanddissemination.com))  
<https://www.knowledgeassessmentanddissemination.com/post/charge-refused-certificate-from-kent-police-and-the-restoration-of-seized-property> I wanted a letter of apology from Kent Police and adequate damages and compensation to be paid to me, not an investigation that I would have to be contributing to: it should ask the Crown Prosecution Service as to why I was given the Refused Charge Certificate following two and half years of investigation by the Force on my conduct. I am not legally qualified to contribute to the discussions as a layman in these matters and cannot afford to pay a law firm for Olives Solicitors are my Duty Solicitors who Kent Police should direct its questions to.

Your adjudication in this matter is hereby requested.

Yours sincerely

This Thursday morning I continued developing my Account in LinkedIn inviting new connections and including the link to my CV in 'About' section; saying Hello to a couple of new connections. Nothing came by email. There is a conundrum being revealed from my email to DS Mish Muchemwa and the Central London County Court yesterday at 4.18 pm yesterday as to who is the overall law executor in the United Kingdom, the Police or the Court. To try and ascertain this I published the email sent in Daily Bulletin tweeting, posting in LinkedIn and in Vishista Advaita Sampradaya page of Facebook so that the communication does not go to waste:

<https://www.knowledgeassessmentanddissemination.com/post/re-external-your-email-to-me-today-parameters-of-complaint>

This is why I am writing to you. If neither the Central London County Court, nor Kent Police is the right authority to direct the Parameters of Complaint CO/999/23 lodged with the Professional Standards Department and the IOPC will not from my past experience entertain any complaints to oversee the activities of Kent Police, who does one turn to for justice on what is clearly a set up by Kent Police to re-investigate me for offences under the guise of resolving my complaints against the police force.

After 7 arrests of myself and full exoneration, as linked here: Charge Refused Certificate from Kent Police and the Restoration of Seized Property ([knowledgeassessmentanddissemination.com](https://www.knowledgeassessmentanddissemination.com))

<https://www.knowledgeassessmentanddissemination.com/post/charge-refused-certificate-from-kent-police-and-the-restoration-of-seized-property> I wanted a letter of apology from Kent Police and adequate damages and compensation to be paid to me, not an investigation that I would have to be contributing to: it should ask the Crown Prosecution Service as to why I was given the Refused Charge Certificate following two and half years of investigation by the Force on my conduct. I am not legally qualified to contribute to the discussions as a layman in these

matters and cannot afford to pay a law firm for Olives Solicitors are my Duty Solicitors who Kent Police should direct its questions to.

Your adjudication in this matter is hereby requested.

Yours sincerely

Dear Writers and Artists

I am pleased that you have contacted me again, and hope to be able to access your services. For I am intent on writing a factual book based on all my past 26 years of investigations and assessment for knowledge dissemination that eventually realised that the United Kingdom does not have a Constitution, whether written or unwritten: it is an Establishment that is malleable depending on the democratic framework under which it operates day by day, month by month, year by year and of course when it is time for a change of government in the House of Commons, House of Lords, the local Authorities. It is a system that manages itself under such a Establishment. When the Conservatives are in power at the House of Commons they have a certain Establishment across the length and breadth of the country, when the Labour Party is in government, it forms an Establishment of its values across the length and breadth of the country, When there is a coalition government at the House of Commons as with the Liberal Democrats or perhaps the Scottish National Party or both if there is a severely hung parliament, a different texture of the Establishment is automatically created. People manage their own affairs, and institutions adapt to manage their own affairs under the changing scenarios of government that come to exist with the passage of time.

Once we know this we are not going to waste time in irrelevancies like taking out legal proceedings for civil litigations pointlessly wasting time and resources in the process. There is nothing right or wrong morally such as human rights or legally under the Establishments that

come to be. It is a smooth passage of proceedings that takes place based on law-makers of the day and their wishes to maintain the stability of the nation.

Will you book me in for one of the events, then? - I have 171 eBooks on offer for Bloomsbury to publish and market for me stored in <https://theallurementofrealityinreview.com/shop>.

Yours sincerely

### **Update:**

At 11.45 am telephoned the Labour Party and spoke to an official: I said I joined the Labour Party but had disagreements so asked for a Refund. My membership was cancelled but we agreed on a cooling off period. This has now expired and so I wanted to make sure that my membership is cancelled and I will get a refund. He had asked for my membership number but I said that I did not have it. I said that you can look it up under ME8 0SL which he then clarified further asking the first line of address which I gave as 3 Hoath Lane, Wigmore Gillingham Kent. He asked for my email address which I said was [shantanupanigrahi@yahoo.com](mailto:shantanupanigrahi@yahoo.com). I asked who soon can I get my refund? He said in 3-5 days. I said OK. The Call ended.

### **Comment:**

I did this cancellation because knowing the State Establishment of how it works judging from the silence of the State authorities to the three emails that I sent this morning, I had nothing to gain from continued membership of the Labour Party as I am not a socialist but an

entrepreneur believing in free market economics and Conservation and preservation of natural resources, in other words a Conservative Libertarian. I would vote for the Conservatives and hot for a hung parliament as that is the worst of all evils with no one knowing whether they are coming or going in proceeding with their businesses. The Reform Party is out of the question to vote for as it is ultra right wing. And Liberal Democrats are a wishy washy non-nationalistic party so also out of the question. I needed my freedom after reflecting on the State's response in the email that I received back from LinkedIn.

So full steam now for the Conservative Libertarian Party of the United Kingdom for me for there has been all necessary clearances taken, and I have survived.
